

Gwent Area Scouts - Website Policy

- ✍ The Gwent Area Scouts Website is a source of useful and relevant information about Scouting and contacts for Scouting in Gwent.
- ✍ Photographs will be used on the website without the permission of anyone appearing in them, however photographs will be removed from the website if requested by the people involved.
- ✍ Photographs that clearly identify young people (eg through name badges) will not be used on the website.
- ✍ Specific details of meeting times, dates and locations will not be published when it is felt that young people may be at risk by doing so.
- ✍ Contact details of young people will not be given, where appropriate a 'generic' 'gwentscouts' email address will be provided and a young persons personal email address hidden.
- ✍ If it is necessary to give the name of a young person, in relation to an activity or an award for example, only a first name will be used.
- ✍ Contact information for all contacts will usually be restricted to an email address, however there will be exceptions to this, for example, addresses and phone numbers are provided for the booking secretary and campsite manager at Botany Bay.
- ✍ Any links provided to other sites will be checked to ensure they are suitable and relevant to the GwentScouts website.
- ✍ Material may only be uploaded to the website through the webmaster, and only material appropriate and relevant to Scouting in Gwent will be accepted.
